

CHOLLEY Phytobiotech Satin ACE Cream

CHOLLEY Phytobiotech Satin ACE Cream is a powerful anti-aging product with intense antioxidant and anti-inflammatory properties. It is rich in vitamins A, C, and E. This silky textured cream contains a very stable form of vitamin C in high concentration, making it ideal for:

1. Strengthening the collagen & elastin fibers
2. Skin lightening treatments

As a leading edge antioxidant product, **CHOLLEY Phytobiotech Satin ACE Cream** works efficiently against Reactive Oxygen Species (ROS = Free Radicals), that are produced by environmental factors, or by metabolic reactions inside the cells. This antioxidant action, coupled with the robust soothing and anti-inflammatory properties of the unsaponifiable fractions of 3 precious natural oils, (*olive, wheat germ, and soybean*), produce a truly outstanding anti-aging and firming product. **CHOLLEY Phytobiotech Satin ACE Cream** is suitable for all skin types and age groups. It can be used as a high performance day & night cream, and delivers outstanding results in combination with **CHOLLEY Phytobiotech Satin Balm**.

Performance characteristics & active ingredients

CHOLLEY Phytobiotech Satin ACE Cream is specifically formulated to perform important dermatological functions as follows:

- **Intense firming and skin clearing action**
SODIUM ASCORBYL PHOSPHATE (Vit. C)
RETINYL PALMITATE (Vit. A)
GLYCINE SOJA OIL UNSAPONIFIABLES
- **Antioxidant and scavenger action against free radicals (ROS)**
SODIUM ASCORBYL PHOSPHATE (Vit. C)
TOCOPHERYL ACETATE (Vit. E)
PENTAERYTHRITYL TETRA-DI-T-BUTYL HYDROXYHYDROCINNAMATE
- **Intense hydrating action**
HYDROXYETHYL ACRYLATE/SODIUM ACRYLOYLDIMETHYL TAURATE COPOLYMER
GLYCERIN
ETHYLHEXYLGLYCERIN
XYLOSE
- **Emollient soothing (anti-inflammatory) action**
ETHYLHEXYL PALMITATE
OCTYLDODECANOL
OLEA EUROPAEA (OLIVE) FRUIT UNSAPONIFIABLES
TRITICUM VULGARE (WHEAT) GERM OIL UNSAPONIFIABLES
GLYCINE SOJA (SOYBEAN) OIL UNSAPONIFIABLES
ARACHIS HYPOGAEA OIL

Recommended use

CHOLLEY Phytobiotech Satin ACE Cream is strongly recommended for:

1. Anti-aging & firming treatments
2. Skin lightening treatments
3. Antioxidant-Detoxifying treatments

For best results, in the morning and evening, after thoroughly cleansing, apply **CHOLLEY Phytobiotech Satin ACE Cream** to the face, neck, and décolleté. Massage lightly to help absorb the product.

During the day, following the application of the cream, for UV protection, use **CHOLLEY Alpine Solar Defense - SPF 50** as a sun screen. This is particularly important in the case of skin lightening treatments.
