

BIOREGENE Doux Peeling Crème is a truly magnificent exfoliating cream for nearly all types of skin. It is comfortably tolerated even by the most delicate of skins. It gives a new luster to the epidermis by eliminating dead cells and by stimulating the growth of fresh, vigorous, and well-hydrated tissue.

BIOREGENE Doux Peeling Crème is rich in natural extracts, vitamins, and biological factors. It harmonizes the horny layer by removing excess keratin and deep-seated impurities thus improving the oxygenation of skin and easing micro-capillary circulation. It is a superb product for the reduction of congestion and couperose.

Performance characteristics & active ingredients

BIOREGENE Doux Peeling Crème performs important dermatological functions as follows:

- **Gentle exfoliating action to renew the epidermis by removing dead cells, excess keratin, and impurities**

UREA
SALICYLIC ACID
KAOLIN

ASCORBYL PALMITATE (Vitamin C)
LAVANDULA ANGUSTIFOLIA (Lavander extract)

- **Refines the surface of the skin and boosts its firmness**

POTENTILLA ERECTA (Tormentil extract)
HAMAMELIS VIRGINIANA (Witch-Hazel extract)

- **Softens and smoothes the skin**

PROPYLENE GLYCOL
SORBITOL
GLYCERIN
UREA
HYDROGENATED C12-18 TRIGLYCERIDES

- **Improves strength and vitality of the tissues**

OLIGOPEPTIDE-5
RETINYL PALMITATE (Vitamin A)
NIACINAMIDE
CALCIUM PANTOTHENATE (Vitamin B5)
ASCORBYL PALMITATE (Vitamin C)

Recommended use

BIOREGENE Doux Peeling Crème refines the skin and gives it a fresh revitalized look. It may be used a couple of times a week to stimulate cell renewal and oxygenation of the skin.

Application

1. Thoroughly cleanse face, neck, and décolleté with **BIOREGENE Lait**
2. Using the fingertips apply a consistent layer of **BIOREGENE Doux Peeling Crème** on the entire treatment zone with light circular motions.
3. Let the cream rest 10-15 minutes.
4. Remove the mask with lukewarm water or with a soft humid microfiber mitt.
5. Tone the skin with **BIOREGENE Lotion** or **BIOREGENE Fluide**.
6. Complete the treatment with the application of a **Methode Cholley** cream appropriate for your skin condition.

BIOREGENE Doux Peeling may be used 1 or 2 times a week as a peeling treatment for intense purification and conditioning of the skin.
