

BIOCLEAN Professional AHA Mask is an Intensely Exfoliating, Brightening, & Hydrating face mask. It has a 10% concentration of alpha- and poly-hydroxy acids including: Glycolic Acid, Lactic Acid, Gluconolactone, Malic Acid, and Citric Acid.

With a low pH of slightly over 3, it delivers a powerful exfoliating / regenerating action that:

- Eliminates encrustations of dead cells and impurities
- Perks up the skin by boosting its capillary circulation and oxygenation
- Gives the skin a bright, uniform, and well-hydrated look

BIOCLEAN Professional AHA Mask is ideal for treatment of:

1. dull skin with dilated pores
2. acne scars
3. uneven pigmentation and discoloration

It is an excellent product for treatment of damaged skin. It softens the skin and gives it greater elasticity. In addition, the astringent action of **BIOCLEAN Professional AHA Mask** helps tighten the pores for a smooth polished appearance.

Performance characteristics & active ingredients

BIOCLEAN Professional AHA Mask performs important dermatological functions as follows:

- **Exfoliating, harmonizing and astringent action for a bright compact epidermis with tightened pores**

GLYCOLIC ACID
LACTIC ACID
GLUCONOLACTONE
MALIC ACID
CITRIC ACID
ZINC OXIDE
KAOLIN
CI 77891 (TITANIUM DIOXIDE)

- **Hydrating and emollient action for greater softness, firmness, and elasticity**

C12-20 ACID PEG-8 ESTER
GLYCERIN
HYDROGENATED C12-18 TRIGLYCERIDES
CAPRYLIC/CAPRIC TRIGLYCERIDE
MATRICARIA OIL (CHAMOMILE OIL)
CALCIUM PANTOTHENATE (VITAMIN B5)

- **Soothing purifying action**

LAVANDULA ANGUSTIFOLIA (LAVENDER EXTRACT)
MATRICARIA OIL (CHAMOMILE OIL)

Recommended use

BIOCLEAN Professional AHA Mask is an ideal mask for skins that appear tired, poorly oxygenated, or uneven. It is excellent for oily or mixed skins with dilated pores or a coarse opaque appearance due to buildup of dead cell.

Application

1. Use **BIOCLEAN Professional AHA Mask** after a complete cleansing of the skin with **BIOCLEAN Lait**, and pat dry the skin with a soft towel.
2. Apply a rich layer of the mask on face, neck, and décolleté.
3. Let the mask rest for about 5-10 minutes and rinse with lukewarm water.
4. Pat dry the skin and tone with **BIOCLEAN Lotion**.
5. Apply your CHOLLEY cream specific for your skin type to complete the treatment.
6. Avoid direct exposure to sun light for 2-3 days.
7. Use a high quality sun protection product such as **CHOLLEY Alpine Solar Defense SPF-50**.
8. Leave 1 to 2 weeks between consecutive applications of the mask to give the skin enough time to regenerate itself.
