

BIOLASTON Lifting Gel for Body is an intense firming, tightening, and hydrating product for the entire body. It is ideal for anti-aging care as well as for preventing loss of tone and elasticity resulting from:

1. Damage to collagen & elastin fibers due to prolonged solar exposure
2. Weight fluctuations caused by weight loss, pregnancy, rapid growth, etc.
3. Dryness or excess dehydration of the skin due to natural skin type, environmental factors, or assumption of certain medicines.

BIOLASTON Lifting Gel for Body is a versatile product. It is highly beneficial in preventing stretch marks during periods of rapid growth and pregnancy. In particular it is recommended to athletes (both male & female) in periods of intense training or muscular development.

Combined use of **BIOLASTON Lifting Gel for Body** and **BIOLASTON Phyto Huile** provides exceptional results, especially for dry and dehydrated skins.

Performance characteristics & active ingredients

BIOLASTON Lifting Gel for Body performs important dermatological functions as follows:

- **Intense stimulation of fibroblasts for production of new collagen & elastin fibers**

OLIGOPEPTIDE-5
NIACINAMIDE
GLUTAMIC ACID
GLYCINE
RIBOFLAVIN
CALCIUM PANTOTHENATE
PYRIDOXINE HCl

- **Profound and intense hydration of the skin**

SODIUM HYALURONATE
UREA
ALLANTOIN

- **Intense astringent, elasticizing, and tensor actions**

ARCTOSTAPHYLOS UVA URSI LEAF EXTRACT
ROSMARINUS OFFICINALIS LEAF EXTRACT
POTENTILLA ERECTA ROOT EXTRACT

- **Soothing & refreshing effects**
