

BIOLASTON Phyto Huile pour le Corps is a premium quality body oil based on 100% natural extracts. It has a wonderful light touch and it absorbs without leaving any oily trace. It soothes, nourishes, and strengthens the skin. It has a delightful feel and can be used as an ideal base oil in aromatherapy.

BIOLASTON Phyto Huile pour le Corps contains jojoba oil, which is perfect for any skin type. It has a large molecular structure that is very similar to sebum. For this reason it helps both dry or oily skins. If the skin has an over production of sebum, jojoba oil dissolves clogged pores and restores the skin's natural pH balance.

Another major component of **BIOLASTON Phyto Huile pour le Corps** is sweet almond oil, which is often used to relieve skin itch and dryness. In fact, all skin types can benefit from this essential oil. It is high in mono and polyunsaturated fatty acids, and contains naturally occurring Vitamins A, B1, B2, B6 and Vitamin E.

Performance characteristics & active ingredients

BIOLASTON Phyto Huile pour le Corps performs important dermatological functions as follows:

- **Intense emollient and purifying action with a light touch for a soft and smooth skin**

HELIANTHUS ANNUUS (Sunflower oil)
PRUNUS DULCIS (Sweet almond oil)
SIMMONDSIA CHINENSIS (Jojoba oil)
TRITICUM VULGARE (Wheat germ oil)

- **Rich in natural nutrients and vitamins to improve skin's strength and flexibility**

HELIANTHUS ANNUUS
PRUNUS DULCIS
TRITICUM VULGARE
ASCORBYL PALMITATE (Vitamin C)

Recommended use

BIOLASTON Phyto Huile pour le Corps is an excellent body oil that can be applied daily after bath or shower to keep the skin perfectly soft, smooth, and elastic. It is particularly beneficial in preventing stretch marks resulting from:

- rapid growth during puberty
- intense muscular development
- pregnancy
- drastic weight loss

BIOLASTON Phyto Huile pour le Corps is a versatile product. Use it after sun or solarium to soothe the skin. You can mix it with essential oils or an emulsion for a delightful body massage. It is also ideal after a peeling treatment or a depilation to soothe and to protect the skin.

Application

Use the product whenever the skin feels dry or tense. For best results apply on clean dry skin after a bath or a shower. The oil can be used after application of **BIOLASTON Lifting Gel for Body** to complement their firming effect with an intense emollient action. In association with **BIOLASTON Peeling pour le Corps** it helps prevent and attenuate stretch marks.
