

CHOLLEY Phyto Program is based on a time-honored natural Persian recipe, passed from generation to generation. This Professional Program is a truly outstanding Anti-Wrinkle, Brightening & Anti-Dark Spot treatment based on selected natural herbs and plants, cultivated by one of the most noble families in the Middle-East. By using modern Swiss science technologies in cosmetics, this excellent program now reaches deep into the dermis to boost the production of new natural collagen and elastin by fibroblast cells.

It provides excellent results reducing lines & wrinkles with a powerful lifting effect on the face, neck and décolleté. It also prevents & diminishes age spots with an intense whitening action.

- 1 Use **CHOLLEY Professional Makeup Remover** to remove eyes and lips make-up.

Cleanse face, neck and décolleté with **BIOREGENE Lait**.

(In case of oily skin use **BIOCLEAN Lait**).

- 2 Rinse with a lukewarm compress and pat dry gently.

- 3 Pat dry gently and using two cotton disks tone the skin with **BIOREGENE Lotion**.

(In case of oily skin use **BIOCLEAN Lotion**.)

- 4 Apply **CHOLLEY Phyto-Exfoliant Suractivée** and with the fingertips execute a gentle but thorough peeling massage.

- 5 Apply a second layer of **CHOLLEY Phyto-Exfoliant Suractivée** and leave on for 5 – 8 minutes.

- 6** Remove the peeling with a lukewarm compress and pat dry gently.
- Use a **BIOREGENE "S" Ampoule** to reinforce and energize the skin.
- (In case of oily skin use **BIOCLEAN "S" Ampoule** for a toning & sebum-normalizing effect).

Optional

- 7** Prepare **CHOLLEY Phyto Mask** by adding **CHOLLEY Phyto Emulsion** to the contents of one pouch.

- 8** Apply the mask uniformly on the entire treatment area.

- 9** Vaporize for 5 - 8 minutes.

Optional

- 10** Apply **CHOLLEY Plaster Mask** step by step as shown below:

- I. Cover the eyes with two cotton disks soaked with **BIOREGENE Lotion**.
- II. Apply the main plaster sheet on the face, leaving mouth and nostrils open.
- III. Moisten your hands with lukewarm water and shape the bandage to the contour of the face.

- IV. Once the bandage is properly shaped, develop the plaster with your wet fingertips. Use small circular motions and work systematically from bottom to top. You may use a small water spray or a wet brush to moisten the plaster as you proceed.
- V. Once the main sheet is fully developed, apply the chin strip.
- VI. Shape and secure the chin strip with your damp palms.

- VII. Similarly apply the neck strip. Develop the plaster on the chin and the neck strips with your damp fingertips.
- VIII. Apply and develop the very narrow upper lip strip.
- IX. Next apply and develop the narrow nose strip.

- X. ...
- XI. Fold the upper corners of the bandage on itself and fully develop the plaster of the forehead region.
- XII. ...
